

Worksheet for Sets and The Venn Diagram (Beginner)

Please answer the following questions about sets using the shape sorter activity:

1. Describe the words SET, VENN DIAGRAM, and ELEMENT. Describe how each relates to the other.
2. Name three different sets you can divide your class into.

3. Circle the shapes that would be in the intersection for BIG and WHITE? How do you know?

4. What shapes would be in the intersection of BIG and SMALL? How do you find the intersection of two sets?
