

Sample Set of Angles

1.

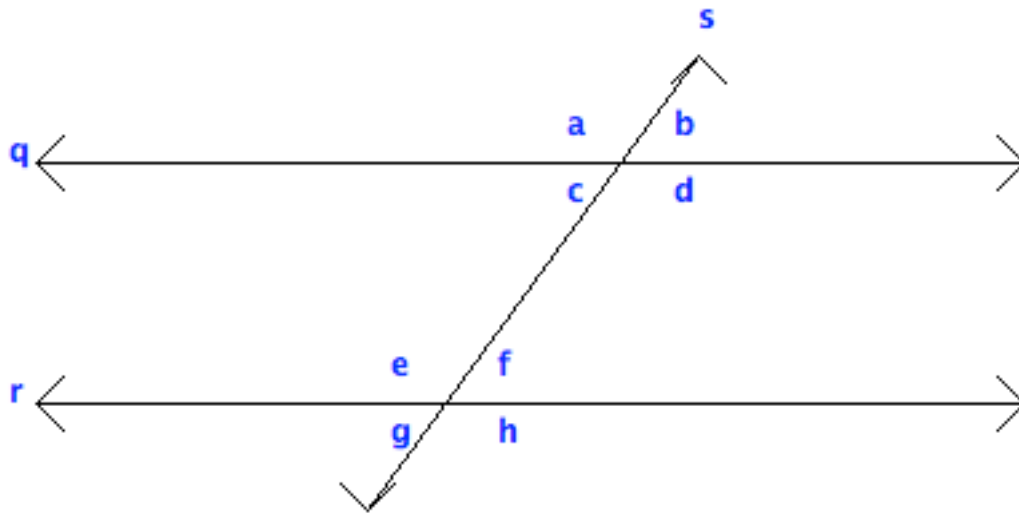

Given: line q parallel to line r and angle c is 115° .

2.

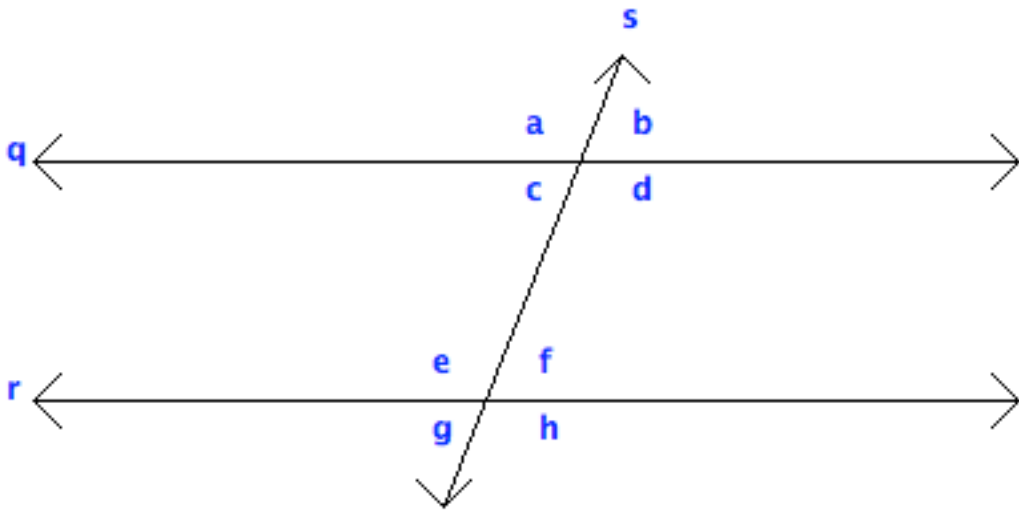

Given: line q parallel to line r and angle d is 92° .

3.

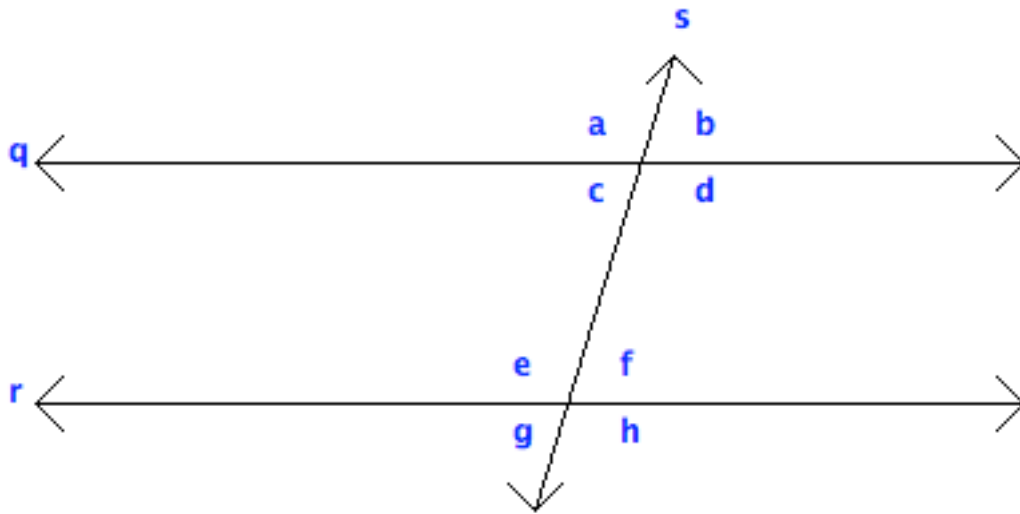

Given: line q parallel to line r and angle c is 54° .

4.

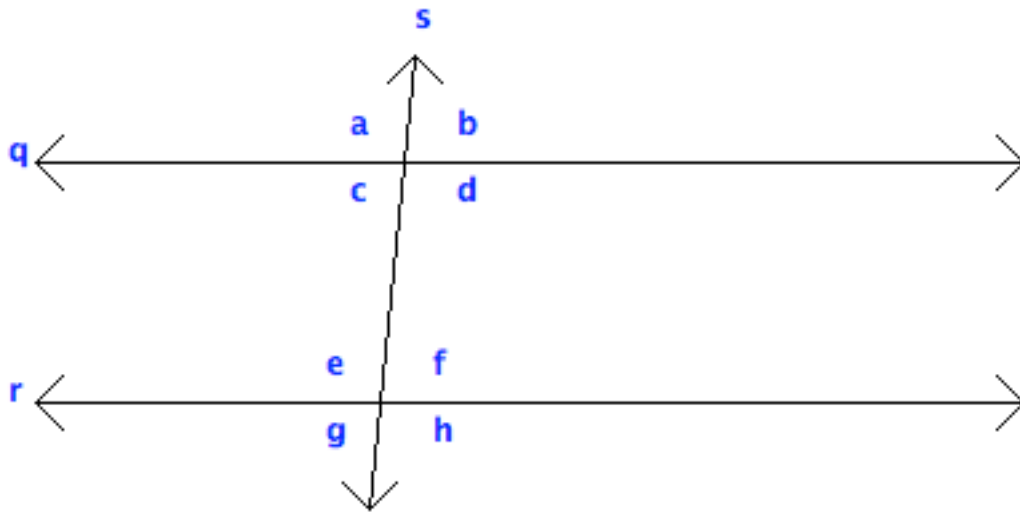

Given: line q parallel to line r and angle c is 69° .

5.

Given: line q parallel to line r and angle c is 73° .

6.

Given: line q parallel to line r and angle c is 84° .
