

Jeremy Blount

1 Chasewood ct Durham, NC 27703 Phone: (919)-323-6315 E-Mail: jeremyb@shodor.org

Objective

My objective is to acquire an internship that will allow me to use the skills that I have acquired. This will enable me to advance my knowledge and concepts needed for engineering.

Experience

Shodor Apprenticeship Program

Current

- I am in the shodor apprenticeship program where we learn how to write JavaScript and use text editors. I also learn how to use programs such as Vensim and Agent Sheets to create models of problems. I also learn how to use databases and create tables in mysql.

Education

Riverside High School

Current

- I am a rising junior at Riverside High School and am participating in their engineering program, Project Lead the Way. The engineering program consists of four AP level classes and I have taken two of them. They taught me about the design process and how to use different equations that will help me when testing and designing products.
- In the ROTC program I learned about leadership skills and about teamwork. I currently have the position of Director of Academics which makes me have to watch everyone who is in the program grades and schedule tutoring sessions for them as well as help determine who gets a reward for maintaining at least a B in the class.
- I also took a Microsoft Word, Access, and Excel class and have received a certification for each.

Skills

I have skills in computer science and web design. I also have leadership skills and am good at teamwork.
